

# When You Need Perspective

Week of September 8, 2013

Into the Fire • Message 7

What is your perspective when it comes to Bible prophecy? Do you have any experience studying it?

## The Vision: Daniel 7:1-15 (p. 619)

List the key items in Daniel's vision:

What emotions are stirred up in you as you think of this vision?

## The Explanation: Daniel 7:16-28

What is the angel's explanation of the vision?

How well does that explanation satisfy you? What lingering questions do you have?

Do you think God wants us to figure out the meaning of all the details in this vision like a big game of Sudoku or Minesweeper? Why or why not?

## Our Understanding

On Sunday, I shared that the key to understanding all prophecy in the Bible is to first understand why God gave it to the person He gave it to. Why do you think God gave this vision to Daniel?

When you think of a boastful commanding leader who opposes God's people, what names from history or present day come to mind?

Who is the Ancient of Days and who is the "son of man" who receives glory, sovereignty, and the worship of the world?

The "little horn" is a typological figure, a character that shows up time and time again in history and who will show up at least one more time before God's final judgment. Are you personally prepared to face the opposition or even persecution from the next one?

What does this phrase mean to you?

*Be sure that tyrants will rise, oppose God and oppress His people, but God is on the throne, the Son will triumph, and the faithful will receive a kingdom.*
